AVTAR RUBBER INDUSTRIES

Established in the year 2016, We at Avtar Rubber Industries are a young and dynamic organization engaged in manufacturing, marketing, distribution and export of world class butyl rubber tubes for comprehensive range of two & three wheelers, car, LCVs, HCVs & ADVs.

Our Brand
TopGear

HISTORY

Avtar Rubber Industries, formerly known as Thapar Rubber Industries, Agra. A company well known for its significant presence in the Indian Tyres & Tubes market for over a decade.

Since inception we have been delivering our customers value through quality. Our products are manufactured with advanced & sophisticated technology and each and every product passes through stringent quality checks to make sure only the best products reach our customers.

We are a young, ambitious and dynamic organization and take pride in our unique identity. We are built around the core principles of creating value for our customers through reliability in our products and dependability in our relationships.

OUR VISION

To become a significant player in the domestic as well as global tyres and tubes industry and a brand of choice, providing customer with value through high quality products at reasonable price.

PRODUCT SEGMENT

01 TWO & THREE WHEELERS

02 PASSENGER CARS- CONVENTIONAL & RADIAL

03 LIGHT & HEAVY COMMERCIAL VEHICLES

04 TRACTORS

05 ADVs

Our Radial and Non Radial premium quality tubes help your cars race away keeping you safe under extreme conditions by retaining maximum air in hot and cold circumstances. Our Tubes help you increase your tyre life.

Our LCV and HCV tubes help your commercial vehicles sustain maximum load and ensure safety under all condition.

We manufacture high quality imported butyl tubes for farm equipments that help farmers increase mileage and carry heavy loads on their tractors.

ISI marked Two and Three wheeler tubes are most suitable for high speeds and heavy loads under all conditions. With our maximum air retention technique our tubes keep air pressure intact and help you have a smooth and safe drive.

Our ADV tubes offer our customers sheer value for money as they last longer and are most competitively priced offering our farmer brothers complete peace of mind with high quality at a reasonable price.

ADV tubes are manufactured in natural rubber compound. Standard and master packing quantities are indicative; alternate packing available on request. Other sizes manufactured to order.

PRODUCT PACKAGING

POUCH DESIGNED
WITH HOLOGRAPHIC
METALLIC FILM

FEATURES

- Made of high grade imported butyl rubber.
- With OEM specified weight and size.
- ISI Marked tubes for assured quality.
- Excellent air retention saves fuel cost.
- Suitable for high temperature and heavy roads.
- Compound is made for high heat resistance.
- Stringent quality checks & Inspection for desired tensile strength / joint strength / hardness etc.
- Attractive packing and pouch of metallic film for more shelf life
